Previously, IAP Members may have added their web site as a link in their Signature. Now you can add it to a List. Here's how Members can add posts to links of their websites. Adding this option can be accessed from 2 locations.

Library Menus "Links - Member Web Sites" Category ---- or ---- IAP Home page General Announcements block

Selecting from the above will place you at "Add Resource". Select that icon, this will then open the data entry form.

Add resource

Title:	Advanced Pens and Blanks by Freddie
Tag line:	Author: Freddie Mercury Added: Sept. 13, 2023 Provide a very brief, one-line description of your resource.
Type:	<input checked="" type="checkbox"/> Does not have a file The description will contain the contents of this resource.
Description:	<p>My site includes Completed Pens, kits and segmented blanks.</p> <p>Please visit the site to see the full supply of items available.</p> <p><u>Yada, Yada, Yada...</u></p>

Start by entering text in the fields, Title, Tag Line, and initial Description. Notice the Example on the right.

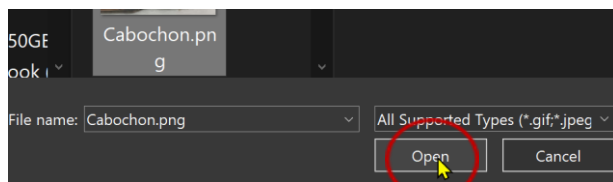

Next, we'll add an image and a link to your website.

Your image should be no larger than 500px x 500px.

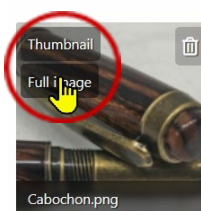

For this example, Click below the Yada, Yada, Yada... in the Description, then select the "Attach files" icon. (You can place the image anywhere in the Description.)

Your file manager will pop-up, then find, select and "Open" the image to display in the post.

Yada, Yada, Yada...

You'll see the image appear below the Description field.

Now hover over that image and choose the size to add in the post, either "Thumbnail" or "Full Image"

You'll see the ATTACH code that represents the image placed in your Description area as shown.

Add a link to your web site, store or PDF.

Select “Browse”
